**For PWM Systems:**

Designed for use with PWM systems

Use with John Deere ExactApply™ system ONLY

**Coverage guide** (factor of type, size and/or pressure range):

- Provides best balance of coverage and drift control
- Provides additional drift control by creating larger droplets
- No classification

All qualified nozzle and pressure combinations for Enlist® herbicides are listed on [Enlist.com/nozzles](https://www.enlist.com/nozzles)

Information here is general guidance and not an endorsement or recommendation from Corteva AgriScience. Consult nozzle manufacturer or your advisor on nozzle and pressure selection. Minimum pressures are not recommended to achieve optimal coverage for weed control.
