**Update to Suppliers: Name Change**

**Dec 08, 2020**

Dear Valued Supplier:

After the successful completion of the separation from DowDuPont, Corteva Agriscience became a stand-alone, publicly-traded company on June 1, 2019. We are now just over one year into our Corteva journey growing what matters for farmers, consumers, and the world, and as you may know, Corteva has been launched at a global scale with a balanced offering across our Seeds and Crop Protection business platforms.

We are currently implementing a major initiative to transform our company-wide legal entity architecture to make it easier for our partners to work with us. The intended outcome is to ultimately have a single stakeholder-facing legal entity with a Corteva legal entity name in each country in which we operate.

We are writing to inform you that PHI Seeds Pvt. Ltd, a company of the Corteva Agriscience group of companies, has officially changed its name to Corteva Agriscience Seeds Private Limited on **Dec 01, 2020**.

The existing rights, interests, obligations and responsibilities in the contracts, purchase orders, addenda, and other contractual agreements as amended (collectively, the "Agreement") will remain unchanged after the name change.

Please note there is no change in PAN No., GST Registration No.

The table below outlines the steps you need to take to ensure a seamless transition.
