

Dear vendor,

After the successful completion of the separation from DowDuPont on June 1, 2019, we are just over one year into our Corteva journey, growing what matters for farmers, consumers and the world.

As you may know Corteva has been launched at global scale with a balanced offering across Seeds and Crop Protection, as well as expanded Digital Services. Currently we are running our business through legal entities with names referencing our former parent companies. We are currently working on an initiative that will make it easier for our partners to work with us and have started the transformation of our companywide legal entity architecture. The intended final outcome of this process is to have in each country, wherever permissible, a single customer-facing legal entity with a Corteva legal entity name; and having all such legal entities operating in the same SAP system.

This is to inform you that as from **20th May 2021**, in Tanzania, our legal entity Pannar Seed Tanzania Ltd changed its name to **Corteva Agriscience Tanzania Ltd**.

All other legal information like company address, company registration number, VAT registrations, etc. remain unchanged. Only the company name of this particular legal entity will change at this time.

We kindly request you to update your records to reflect the change detailed above; and that as of 20th May 2021 you address your order confirmations and invoices accordingly. Any contracts in place will continue in full force and effect.

The email address where to send the invoices to does not change, so please email them in pdf format to Naserian.michael@corteva.com or belinda.motika@corteva.com (email). Corteva discourages the use of paper invoices as it is a slower process, not environmentally friendly and with the risk of invoices getting lost in the mail, so please switch to pdf invoices if not already done. However, in case that you cannot switch yet to pdf invoices, here is the address for sending the paper invoices: Sido Road/ Industrial Area, Unga Ltd, Arusha, Tanzania (Paper)

If you have any questions or would like more information, please contact your usual contact person within our procurement organization.

We also welcome you to visit our Corteva Supplier Center www.supplier-center.corteva.com where you can find our latest supplier information.

Sincerely,

A handwritten signature in black ink, appearing to read "Zakayo Owenya".

Zakayo Owenya
