

Program Rules

Grower Eligibility Criteria:

1. Purchase Enlist herbicides for burndown use, and/or use pre-emergence through post-emergence. Enlist herbicides are the only 2,4-D herbicides authorized for use with Enlist E3 soybeans.
2. Purchase one or more eligible Corteva soybean residual herbicides.

Example calculation A:

Grower purchases 500 acres of Enlist herbicides, 400 acres of Trivence[®] herbicide and 200 acres of Sonic[®] herbicide. Grower is paid \$2/acre on each Enlist herbicide acre that is matched with a residual herbicide acre (500 Enlist acres and 400 Trivence acres + 100 Sonic acres) for a total payment of \$1,000 (500 matched acres X \$2/acre).

Example calculation B:

Grower purchases 200 acres of Enlist herbicides and 500 acres of Envive[®] herbicide. Grower is paid \$2/acre on each Enlist herbicide acre (200) that is matched with a residual acre (200 acres of the 500 acre total Envive purchase) for a total payment of \$400 (200 match acres X \$2/acre).

How It Works

Start clean: Use burndown or tillage to get your program approach off to the right start.

More options with herbicide tolerance: Plant Enlist E3 soybeans, with tolerance to 2,4-D choline in Enlist herbicides.

Use an effective pre and post-emergence weed management program

with multiple modes of action: Purchase qualifying crop protection products – Corteva Agriscience[™], Agriculture Division of DowDuPont, brand residual herbicides, plus Enlist One[™] or Enlist Duo[®] herbicides - from an authorized retailer from October 1, 2018 to September 30, 2019 and apply at labeled rates.

Earn your reward: Your Enlist Ahead Rewards check will be mailed to you.

Minimum Terms and Conditions for Rebate:

The rebate for an eligible grower or farm entity shall be paid based on GPOS data, matching acres of Enlist herbicides sold to acres of eligible Corteva Agriscience,™ Agriculture Division of DowDuPont, brand soybean herbicides. Acres shall be calculated by the use rates in the tables on this document.

1. Earnings under this program must reach or exceed \$250 to qualify for a payment.
2. Eligible crop protection products will only be considered for rebate calculations if reported via electronic data exchange (EDI) or grower point of sale (GPOS) via Data Dimensions from crop protection manufacturers' authorized dealers and invoiced between October 1, 2018 and September 30, 2019. Corteva Agriscience reserves the right to refuse rebate payments on product that is not purchased directly from authorized dealers or retailers.
3. Rebate payment will only be made on final net units that are used on the grower's owned or rented acres.
4. Rebate payment will be in the form of a single-party check payable to the party named on the invoice.
5. Corteva Agriscience reserves the right to refuse rebate payments under this program if qualified grower receives payment for eligible crop protection product purchases under another program.
6. Corteva Agriscience reserves the right to modify or terminate the program at any time without notice to program participants.
7. Participation by growers in the program is voluntary and is not required in order to purchase any products participating in this program.
8. Qualifying Geography (states where Enlist herbicides are registered): Alabama, Arizona, Arkansas, Colorado, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Michigan, Minnesota, Mississippi, Missouri, Nebraska, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Virginia, West Virginia and Wisconsin.
9. Retailers must report EDI/POS by October 15, 2019 in order to be considered for this program.
10. Enlist herbicide volume cannot be counted in multiple Enlist Ahead Rewards grower programs; where a grower qualifies for multiple programs, they will be paid in this order: 1) PhytoGen Residual Rewards; 2) Enlist Ahead Rewards for Corn; 3) Enlist Ahead Rewards for Soybeans.
